

The Idaho Enterprise.

THURSDAY, MAY 20, 1880.

J. A. Straight, Editor.

It may turn out yet that Senator Conkling will carry off the Chicago belt.

The San Francisco city council are determined to impeach Mayor Kelly and the public generally say so.

Col Knapp secretary of the National Republican committee, has opened an office in Chicago.

Delegates desiring information can address him there.

We are glad the STATESMAN feels under obligations toward us, for our effort to create a reform in its politics and morals.

A small war has broken out between the Southern Pacific railroad and some settlers upon the company's lands near Handford California.

The United States Marshal attempted to dispossess some of the settlers, when a pitched battle occurred between the Marshal's posse, and citizens which resulted in 3 men being killed, and two were wounded.

Our correspondent sends us from Madras some statements, relative to which seriously contemplated plans our district attorney in an unpleasant position. We hope the friends of Mr. Crawford will forbear passing judgment upon the case until the whole facts in the case are fully presented to the public.

Our revealer has made up his mind on the Presidential question and the thing is just as good as settled.

The friends of Grant, Blaine and the rest of the candidates are simply wasting their breath in shouting for their favorites.

Sam Copher Tilden is just whooping up things lively for the rest of the boys who are making for the White House.

PLENTY OF WINEE. We are strictly in favor of winter weather, it is healthy, it keeps the blood from boiling over, and the thermometer from crawling up the back stairs.

A gentleman formerly connected with the Philadelphia Ledger is reported to have discovered a simple form of audiphone, which he has tried with satisfactory results.

THE JOYS OF A STEICHING EXCURSION on the 4th of July we always will admire. Winter time is the best time for spicing school.

Here is where these ladies can be enjoyed fourteen months of the year. The lively citizens of Oxford are likely to see the beautiful snow existing around on July 4th.

Chicago, May 15.—The Inter-Ocean's Washington special says Tilden's attempts to send dire on General Grant was frustrated to-day by Conkling, who placed the Davis case in its true light.

How to pronounce it.—The N. Y. Tribune says oblongation is pronounced oblonga'tion, with the accent. Nearly all the papers we have pronounced oblonga'tion, in its true light.

YANKEE FORK HERALD CLIPS.

The Custer Mill. Frazer & Chalmers, mill builders, Chicago, have commenced shipping the 200-hp mill for the Custer Company and the balance will be forwarded as rapidly as possible.

Two of the most improved child-riding furnaces will be put up and the mill will be complete in very short time.

A first-class tramway is to be erected. As large a force of skilled labor can work to advantage will be put on, and Superintendent Butler intends very soon advertising a big contract for excavating on the mill site.

THE RICH DISTRICT TO HAVE A BOOM. We learn that Superintendent Gibson, of the North and South American Quartz, is expected by the 10th inst. and the others, New Yorkers, will be on in a short time.

Our correspondent sends us from Madras some statements, relative to which seriously contemplated plans our district attorney in an unpleasant position.
