Local Notes.

There is a report that Mr. West has agent at Omside station will soon take charge of Oxford's new station.

Mr. A. Hanson of Beaver Canyon was in town during the past week.

The execution of the tenth ward of Salt Lake City & Logan yesterday was a grand success.

Frank Potter has been adding some improvements to his lot since becoming a resident of our town.

The Lemhi Indians have refused to leave their reservation, and Secretary Schurz says they may remain where they are.

Judge Morgan, District Attorney Casford and E. M. Bennett, Esq., arrived home from Cassia County Sunday night last. They had a hard here and Banrock Mountain according to Judge Heed's version of their trip.

PERSONALS.

Sheriff John Watson and Judge Heed of Challis is in town enjoying their oil can trip.

Waldo's gravestone.

Mr. S. H. H. Clark's general superintendent of all the branches of the Union Pacific Railroad who is now at Soda Springs is said to be gaining his health daily and thinks Soda is the grandest watering place in the United States.

Dr. Dismore his Physician, also Jay Goodie's son George, are stopping with him.

Soda Springs is destined to become a great place some time when capital takes hold of it.

Mr. W. F. Fisher has returned from a visit to Soda Springs and informs that Mr. Suppe Clarke is very much improved in health and spirits.

Among those enjoying there the session is Mr. Martell of Omaha, Mr. Harlan B. Eldridge and two of his daughters, Wm. Jennings, daughter and son, Mr. Blackmore an invalid who is recovering his health rapidly.

Gov. Ford of Wisconsin and Receiver T. F. Singler have returned from a visit to Salmon City region.

The Governor was highly pleased with the outlook in that region.

Mr. Blackfoot and Mr. Fisher, who are totally erroneous because, 1st, Mr. Fisher did not enumerate Blackfoot precinct. 2d, Because the enumeration of Blackfoot precinct includes all the cattlemen, cow boys, sheep ranchers, freighters, etc., that were to be found within the radius of twenty or twenty-five miles of that place, and hence Blackfoot does not contain or was it claimed also contained 700 inhabitants. 3d, The editor of the Enterprise enumerated said Blackfoot Precinct, and is positive he did not do more than obey the instructions of his superior officers.

Now, we believe the object had in view by the informant of the Tribune was to give color for an excuse for the Board of Government in cutting off at least one member from the Legislature of Omside County's representatives in the next Legislature and adding it to Ada County instead. This will not go down with the people of Omside. It is entirely too thin to such well. Because Omside is supposed to be a Mormon county is no reason why we should be subjected to such an act of injustice. We understand the Governor will bitterly contend against this overt act of injustice but was overruled by the other members of the board.

To sum up we will say that so far as our personal knowledge extends Omside County was honestly and fairly assessed and that she has more absent citizens than she is credited by the few traveling men that were listed.

The attack upon Mr. Fisher was not only unwarranted but there is no ground whatever for it.

We believe in giving to every man his just dues, and believe that instead of contumely being heaped upon his head, he deserves great credit for the faithful and able manner in which he did his work.

Mill, Lusk & Co., as is well known are largely engaged in a wholesale slaughtering of the hucks and doe's of Idaho and other western Territories.

While we miss the deer year after year, yet we have the consolation of knowing that the deer skins return to us after many days changed into admirably fitting gloves for the dear ladies and gents of Idaho.

Every year the gloves manufactured by this firm grow in favor with all using them, and they are fast becoming the leading manufacturers of hand work to be found in the United States.

Go immediately to your merchant and buy a supply for fall and winter use.

Just now slates are being made up for county officers. We suppose they are intended to be broken as they undoubtedly will be in most cases.
