A MATTER OF INTEREST

To the Citizens and Taxpayers of Owyhee County, Idaho.

FELLOW CITIZENS—Living as we do in a County larger in area than any other in the State, embracing, as it does, 50,000 square miles in territory; being more than 200 miles in length, and more than 100 miles in width, with a large and constantly increasing population.

We believe the time has come in the history of our County, when all of its material interests demand that it should be divided into at least two, and perhaps three counties.

Having been appointed for that purpose by a public meeting of the citizens of the County, held at Eagle Rock, on August 15th, A. D. 1882; we have leave to submit the following facts to the kind consideration of our fellow-citizens.

Within the last three years the taxable property of the County has increased in value to the extent of \$1,000,000, and its 70 cents per \$100,000 of tax has increased to \$1,000,000, and of this only 40 cents went to the Territorial Fund.

In 1881 our whole taxes were \$2,000,000, and in 1882 they were \$3,000,000, and of this only 40 cents went to the Territorial Fund.

In 1881 our whole taxes were \$2,000,000, and in 1882 they were \$3,000,000, and of this only 40 cents went to the Territorial Fund.
